BELIEVES HAMILTON GUILTY.

Coroner Positive the Ex-Preacher Cut His Wife's Throat.

The Deed May Have Been Done in a House Near Winfield's Pond.

REFUGEE TO THE EVENING WORLD.
NEWTON, L. L., May 3.—Excitement over the arrest of James Hamilton, the cultured ex-Methodist preacher of Winfield, charged with the murder of his wife, whose body was found in a pond at Winfield yesterday morning, with her throat cut, has not abated today. Groups of citizens stand about the jail and the coroner's office eagerly discussing every phase of the horrible details. There is, however, little speculation as to the guilt of the prisoner; his presence in the village of Winfield all night (when the murder was committed) in the company of the victim having been pretty conclusively established.

EX-PREACHER JAMES HAMILTON.

Coroner Brandon says he has paid positive that Mrs. Hamilton took a Long Island Rail road train at Flushing Sunday morning to Winfield; that she got off the car at that station, and was met by a large, heavily-built colored man, dressed in dark clothing and wearing a light riding overcoat. This man, the coroner says, he is convinced was the woman's husband.

The couple's movements have been traced about the village for an hour after her arrival but their trace was finally lost in the vicinity of the spot where the body was found.

THE MURDERED WOMAN.

The story that Mrs. Hamilton had visited a son in the village in company with a white woman and a mulatto man has been disproved, as have many other rumors that have arisen since the finding of the body.

The history of Hamilton's past career tends to confirm the consensus of opinion as to his guilt. His religious professions are said to lack sincerity, and his known cruelty in comparatively trivial matters together with the heartless treatment of wife and child to the murderer strengthen belief in his guilty guilt.

Hamilton was removed from the jail in the town hall here to the Queens County jail in Long Island City last night.

He pretended not to know what was the charge against him and talked out of the cell, removing his shirt before the jailor, and then, holding his hands behind his back, he said to his wife: "I am innocent."

Hamilton carried his once-cultivated hair secretly at the intolling and said nothing to the committee put in an appearance. Ex-commissioner of Police George A. Stebbins, Col. Weller, Commissioner of Justice John Henry A. Jacobs, and two among the numbers. Ex-convinced of his innocence, the committee, after a long and laborious meeting, voted to sustain him.

The prosecution is based upon an article that was recently published in the *Commonweal* in connection with the conversion before Justice Hawkins of four of the Walkall Anarchists.

UNCLE SAM'S AGENTS AT OUTS

Sharpe's Efforts to Evict Lyman Must Cease for a Time.

Litigation Over Rooms in the Federal Building Set for May 10.

A hearing was begun this morning before Judge Brown in the United States District Court on an application by United States Commissioner Samuel H. Lyman for an injunction to restrain Gen. George H. Sharpe, of the United States Board of Appraisers, from taking possession of room 114 in the Federal Building at present occupied by Commissioner Lyman.

It was the culmination of a very lively controversy between the two United States officials, which has been in progress for several weeks, in fact, ever since Gen. Sharpe was forcibly ejected from another spacious apartment in the Federal Building to make room for George H. Sharpe, United States Supervising Inspector of Steam Vessels.

At that time Gen. Sharpe contested the action of the authorities in evicting him, and his office furniture was lifted out and piled in the corridor. He appealed to the higher authorities at Washington, who allotted him room 114-15. That was one of Commissioner Lyman's apartments, of which he was everlastingly vainly trying to evict him.

Much interest is manifested in the antecedents that Decatur is writing up upon which he has spent much of his time since he was imprisoned. It is believed that the man's overweening vanity will compel him to give in this work all the efforts he has ever committed.

By appealing to the Judicial Committee of the Privy Council, Decatur may succeed in putting off his execution a time, but his haste to complete his book shows that he has little, if any, hope of escaping hanging.

Early this morning he resumed his writing on his auto biography, which he says he will bequeath to Miss Roosevelt. The young lady to whom he was engaged in the apartment. In his endeavor to make the book the very important fact that it contains is the secret of his success in 114-15, or any other room in the Federal Building, the entire office is liable to be turned into a den of iniquity. New York, N. Y.—The Comptroller of the Comptroller's Office has issued a circular to all Comptrollers of the United States, in which he says that the Comptroller of the Comptroller's Office stands ready to render to the Comptroller of the Comptroller's Office such assistance as he may need on May 10.

Commissioner Lyman said he needed all the paper he now possessed for the proper preparation of his defense, and when he was given time to do so, he would make arrangements that the trial might not be disturbed.

Gen. Sharpe, however, who is the author of the *Commonweal*, has agreed to give him a week to make his defense.

Gen. Sharpe is to be arraigned on May 10.

Anarchist Editor and Publisher Indicted in London.

LEXINGTON, May 3.—The Grand Jury today returned the indictment against Edward Wm. May, publisher and part owner of the *Illustrated Anarchist*, for publishing pamphlets in Russia—General Cable News.
